

COLD STORAGE DOOR

MAKE THE ENTRANCE MORE EASY AND
COMFORTABLE

LARGE INDUSTRIAL DOOR

Rolling door for
cold storage
industrial areas

High Speed PVC Door System

Our roll up doors are transparent, and the most suitable operation can be provided for your business with different automation systems. High speed PVC rolling doors can be used in any area where the entrance and exit traffic is heavy with their superior designs. The doors are functional solutions that prevent loss of time and energy in environments requiring rapid transition, and ensure the safety of work, protection of gas, food, dust, and the named area.

Specification for Cold Room Door

Dimension

Maximum width: 3500 mm

Maximum height : 3500 mm

Speed

Opening: 1.0 m/s
